

Responsive Writing Prompts

Writing Prompt No. 1:

If you could trade places with anyone in the world for one week, who would that person be and why would you trade places?

Describe what life would be like as that person (the good and the bad).

Describe what this person would enjoy or dislike about your life.

Use the Thesaurus feature to enhance your essay.

Writing Prompt No. 2:

Describe your best and worst moments of the past year. You may also tell about any current events that have affected you personally. Use the Thesaurus feature to enhance your essay.

Writing Prompt No. 3:

Select any technological advancement that has occurred over the past 150 years (i.e., automobile, nuclear power, computer, Internet, cloning, electricity, airplanes).

Analyze and describe the impacts that the technology has had on individuals, culture/society, economy, and/or environment. As you analyze the impacts, think about who has been affected positively and negatively by this advancement.

Your essay must be at least 300 words long. Use the Thesaurus, word count, and readability statistics features to assist you in writing this essay.

Other Miscellaneous Writing Prompts:

If you were principal of this school, what would you do? Why?

I wish there were a law that said..... This would be a good law because....
